Contents

These release notes contain the following sections:

- Important Notes
- Known Issues
- Resolved Issues

Important Notes

- **Encrypted SD card cannot be used for OS update.** The device cannot perform an OS update with an SD card that has been encrypted. Before running an OS update, verify that the encryption option in Start > Settings > System > Encryption is disabled.

Known Issues

These issues are open in this version of the Operating System.

Battery / Charging

- Under some conditions the unit may wake from suspend while it is charging. [7348] Turn on auto suspend enabled so that it will return to suspend mode. Settings > system > power > advanced > On external power:

Resolved Issues

These issues are resolved in this version of the Operating System.

- The links for *hold to zoom* functionality in Spanish and Portuguese have been fixed.
- USB PCL (3.0 or previous) printing functionality has been fixed.
- GNSS control panel has been updated to add the GST sentence.
- The default settings for GNSS constellations have been updated.
