## SHAPE THE FUTURE OF TECHNOLOGY

At Juniper Systems, every employee is encouraged and empowered to create and explore meaningful solutions. Individuals come together to design, build, and sell ultra-rugged handheld computers. The technology of Juniper Systems creates long-lasting improvements to the work of users in extreme environments around the world.

## JUNIPER'S ROOTS

Founded in Cache Valley Utah, Juniper Systems is surrounded by majestic mountains and picture-perfect views. Many of our employees and their families enjoy the greatest snow on earth skiing or snowboarding at Beaver Mountain and Cherry Peak resorts. The atmosphere of this valley is considered recreational heaven with a wide variety of activities available within an hour or less time. Home to Utah State University, the community continues to be impressed with the athletic events, cultural and historical entertainment, the delicious dairy treats, and a strong economic base.

In addition to these wholesome activities, Logan has earned the following awards, proving its an excellent place to live your life:

- 🏆 Voted #1 safest community in the Nation
- 🏆 Voted top 10 best places to live the "simple life"
- 🏆 Voted #1 most walkable Utah community
- 🏆 Lowest unemployment rate in the US, 2009

## OUR COMMITMENT TO YOU

We believe all employees deserve to be treated with trust, love, and respect. Our company was built on these values and continue to be our number one priority. We offer a very generous benefits package, including:

- 🏆 100% company-paid insurance premiums for full-time employees and dependents with contributions from Juniper to employee's health savings accounts
- 🏆 Generous retirement profit-sharing plan
- 🏆 Quarterly profit-sharing bonuses
- 🏆 Optional 9/80 work schedule for an additional 26 days off each year

ROCK SOLID. FIELD READY. OUR CUSTOMERS. OUR EMPLOYEES. OUR SOLUTIONS.
