Leading-Edge Technology

Does the idea of designing, building, and selling ruggedized handheld computers made to withstand water, dust, impact, extreme temperatures and more sound exciting to you? Here at Juniper Systems, we do just that! Because each employee is empowered and encouraged to bring new and innovative ideas to the table, our products and processes continue to expand and improve.

A Commitment to You

We believe that all employees deserve to be treated with trust, love, and respect. These values are the basis on which our company is built and we've made them our number one priority. We also offer a very generous benefits package, including:

- 100% company-paid insurance premiums for employees and dependents
- Generous retirement profit sharing plan
- Professional certification and membership reimbursement
- Quarterly profit-sharing bonuses
- Company ownership opportunities

Work Isn't Always Just Work

Happy employees are productive employees! We are committed to working hard and playing hard. Juniper Systems' on-site facilities include:

- Weight and fitness room
- Racquetball court
- Frisbee field
- Ping-pong table
- Covered bicycle and motorcycle parking
- Patio with a view of spacious fields and the towering Wellsville mountains, complete with barbeque grills

Where We Live

Surrounded by mountains and picture-perfect views, Cache Valley offers a recreational haven for everyone. Ski the greatest snow on earth at Beaver Mountain and Cherry Peak resorts, fly fish on the Logan River, or simply take a drive through Logan Canyon to beautiful Bear Lake, all just an hour or less away. Logan is also home to Utah State University, promising exciting athletic events, cultural and historical entertainment, delicious Aggie Ice Cream, and a strong economic base.

Amongst many others, Logan has earned the following awards, proving it is an excellent place to live your life:

- Voted #1 Safest Community in the Nation
- Voted Top 10 Best Places to Live the Simple Life
- Voted #1 Most Walkable Utah Community
- Lowest Unemployment Rate in the US, 2009
