Release Notes

Product Update 2.3.4
For Geode Connect™ for PC

These notes include important information for Geode Connect for Windows® PC users regarding the most recent release of the app.

Documentation and software updates are located on the Juniper Systems® website: *https://www.junipersys.com/support/geode*.

Updates

- Correctly displays configured NMEA sentences when the device's language uses a decimal comma in place of a decimal point.

- Added ability to upgrade Geode Bluetooth® firmware using Geode Connect.

- Correctly displays the RTK activation in the Manage Subscription screen.
