

Release Notes

Geode Connect™ for iPhone® and iPad® Product Update 2.4.1

These notes provide important information for Juniper Systems' release of Geode Connect for iPhone and iPad.

Documentation and software updates are located on the Juniper Systems® website: <https://www.junipersys.com/support/geode>.

New Feature

- **Profiles.** Added the ability to create receiver profiles that contain all app preferences and receiver settings for specific use cases. Create and manage profiles (including exporting and importing) from the Profiles screen. For more information, refer to the [Geode GNS3 User Manual](#).

Updates

- Revised the description for GPS and multi-GNSS constellations on the Receiver Configuration screen.
