Read This Document

Read this document to learn how to safely operate the non-incendive Mesa Rugged Notepad in potentially hazardous locations.

This addendum is a supplement to the owner's manual that came with the Mesa. Refer to the owner's manual for details on how to use the Mesa.

Note: The Mesa Owner's Manual is also available on our website at www.junipersys.com.

Using the Mesa Rugged Notepad in a Hazardous Location

The following rules must be followed to maintain the MET Laboratory approved non-incendive standard and to prevent the possibility of serious injury.

Warning: Explosion hazard – In hazardous locations:

- Do not dock the Mesa
- Do not change or charge batteries
- Do not insert or remove cards
- Do not connect or disconnect any device or cable

In hazardous locations the connector protector and battery doors must be in place as indicated below:

Avertissement : risque d'explosion – Dans des zones dangereuses:

- N'amarrez pas l'unité, ne changez pas et ne chargez pas les batteries, n'insérez et ne retirez pas de cartes et n'établissez ni ne rompez aucune connexion
- Les caches de protection des ports et des batteries doivent toujours rester installés
