

Release Notes

Android 11 OS Build 1.0.0-20230109

For Mesa 3 Rugged Tablets Running the Android Operating System

These notes include important information for our Mesa 3 customers regarding the most recent release of the Android operating system.

Documentation and software updates are located on our website here: <https://www.junipersys.com/support>.

Updates

- Security patches to December 2022.
- Fix issue with T-Mobile SIM card causing unit to boot continuously.
- Fix issue of video playing video Bluetooth device connected.
- Battery Improvements
 - Update battery firmware and internal configuration.
 - Update battery charging process for improved battery life and balance.
- Allow unit to boot immediately when battery is dead but unit is plugged in.
- Additional battery health information is now included in Settings > About Tablet > Battery Information.

Known Issues

- QZSS GNSS satellite visible even when not being used in a positioning solution.
- The Mesa 3 Android desktop dock no longer supports HDMI.
